Survey Sample

The survey was emailed November 10th, 2015 to 950 CCIFPs and we received 95 responses. It was also posted on the CFMA forum on November 20th with exposure to 7000 members and we received an additional 80 responses. The survey was closed on December 7th with 175 respondents as follows:

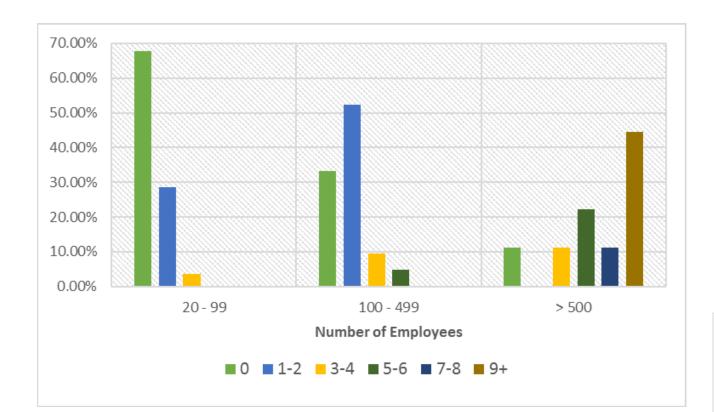

Since the sample was targeted at CFMA membership and CCIFPs, the results are skewed towards larger contractors and do not represent the market in general according to the last US government census. *Note that due to the small sample sizes, data for companies with fewer than 20 employees may be statistically irrelevant.*

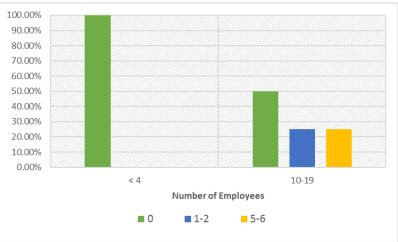

Note: this portion of the survey looks at the General Contractor segment only with 71 respondents.
